Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Monday 04 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold and often cloudy, with wintry showers and icy conditions.

This Evening and Tonight:
A largely dry night, with cloudy skies for many, though there could still be a few showers, falling as snow over higher ground. Some areas may see clear spells at times, allowing temperatures to drop, making icy conditions likely. Minimum temperature -1 deg C (30 deg F).

Tuesday:
Mostly dry and cloudy tomorrow, with some bright spells and a few wintry showers in the northeast. Feeling rather cold with winds becoming lighter into the night. Maximum temperature 4 deg C (39 deg F).

Outlook for Wednesday to Friday:
Cloudy on Wednesday, with possible freezing fog . Dry and bright on Thursday, before rain and wintry weather move in overnight. Dry and bright on Friday. Remaining cold throughout.
